EXPERIENCES

Front End Engineer (Mar-Aug) 2022

Premium Logics

- My duties included determining the structure and design of web pages, striking a balance between functional and aesthetic design, and ensuring web design is optimized for smartphones.

Back End Engineer (Aug 2022-now)

Premium Logics

- Conducting analysis of website and application requirements.
- Writing back-end code and building efficient PHP modules.
- Developing back-end portals with an optimized database.
